

Party Rules & Fun Tips

(7-Steps to More Fun)

#1 All Players must bring a gift to the party. (AlbinoPhant provides the gift shopping venue to save you the trouble)

#1 Tip: This party is mostly about the conversation and fun banter that the gifts create... Take some time to explore the markets and find something that will get everyone talking.

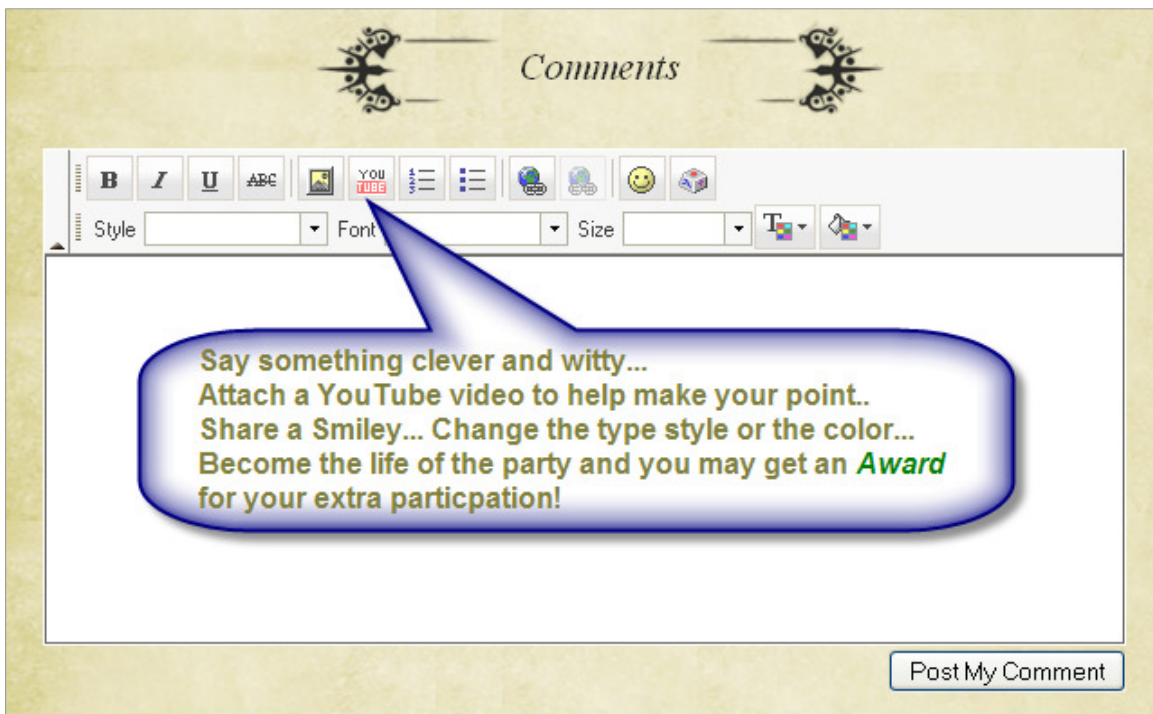

#2 All gifts must be wrapped before entering the party. (AlbinoPhant provides the gift wrapping center)

#2 Tip: Notice that there is an advertisement for each gift wrapping option. Use this to “sell” your gift to the group.

#3 All Players will be given a turn to open or steal a gift at random during game play.

#3 Tip: Use the time in between your turn to fill the comment stream with your wit and humor. Attach some YouTube videos or share some great images into the discussion. Pick up on key words from other players or gift descriptions and lead the conversation into creative paths.

#4 No STEAL-BACKS are allowed, which means if you get a gift stolen from you it is frozen to you for at least one turn. (AlbinoPhant will display a red **Frozen**, just to you, when you have something taken from you.)

#4 Tip: It is almost impossible to make a plan to get something back. Although we have heard of alliances forming among players to increase the odds of getting something back.

The screenshot shows a game interface with a yellow background. At the top, a blue speech bubble contains the text: "No direct steal backs and third touch of the gift, displays a **Frozen**...". Below this, there are three gift items. The first is a blue gift box with a white ribbon, with "Rating By You: 0" and "Overall Rating: 0" next to it. The second is a cow costume, with "Rating By You: 4", "Overall Rating: 4.33333333333333", and "Owner: Tessa Christensen Dalton" next to it. The third is a brown gift box, with "Rating By You: 3", "Overall Rating: 6666666666667", and "Owner: Sarah Christensen" next to it. Below the third gift, the word "FROZEN." is written in red.

#5 The RULE OF THREE applies in this game. Once a gift has been opened, stolen once and then stolen twice it is **Frozen** to all players. (AlbinoPhant will place a **Frozen** under all gifts that locked out of play).

#5 Tip: See Tip #4. Although your odds increase if you make a lot of noise in the comment stream and draw attention to yourself.

#6 Gift rating is not required, but only allowed when the gift displayed is the current revealed present.

The screenshot shows a game interface with a yellow background. At the top, it says "Tessa Christensen Dalton HAS CHOSEN" and "Don't forget to rate the gift." Below this, there is a blue speech bubble that says "Gift rating is open when displayed here...". To the left of the main gift description is a small image of a baby in a pink outfit, with the text "Tessa Christensen Dalton" below it. The main gift is a cow costume, with a small image of the costume and the text "Rubies Costume Co. EZ-On Romper Costume, Cozy Cow, 6 to 12 Months" next to it. To the right of the costume image is a detailed description: "White romper with black cow spots, Headpiece with pink lined cow ears and horns, Inner leg snap closure for easy diaper changes, non-skid soles for the early walker, Infant size best fits young ones 20 to 45 pounds and less than 12 months of age, Han". At the bottom right, it says "Rate This Gift!"

#6 Tip: Bragging about what a great shopper you are can encourage everyone to rate your gift higher or it can hurt your rating. Who knows?? But, having the highest rated gift in the party does carry some end-of-game bragging rights! In fact, we leave the comment stream open after the end of the game so you can brag away, if you choose.

#7 The game ends when the last gift is opened. (AlbinoPhant will display the **Game Over** sign and will give you a **game summary**).
